Dear ITE Southern California Members,

Our Section has accomplished a lot over the past year. Our meetings were consistently well-attended thanks to a variety of presentation topics that captured the quickly changing landscape of our profession. We increased our coordination with other groups by introducing a joint lunch meeting with the Orange County Traffic Engineering Council (OCTEC) and also expanded our joint workshop in March to include both the San Diego Section and the Riverside-San Bernardino Section. In continued support for our student members, we introduced our first Job Fair at the annual Student Presentation Night and awarded over $10,000 in scholarships to our student chapters.

I am proud that our Section has two great candidates, Sowmya Chandrasekhar and Hassan Ahmed, running for the position of Section Treasurer. Both candidates have done an excellent job in their roles as co-Newsletter Editor and co-Student Chapter Liaison, respectively. Please review their candidate statements on page 6. Registered ITE members should have received an e-mail from Simply Voting with a link to the voting website. Voting closes at noon on June 22nd and the results will be announced at our next meeting.

As my term comes to a close, I must thank my fellow board members, Jay, Dean, and Josh, for their support and the many hours they have each dedicated to our Section. Thank you to each of our committee chairs for your hard work in fulfilling critical roles that have led to another successful year. I’d like to thank my employer, Kunzman Associates, Inc., for their support with my involvement in ITE over the past several years. Lastly, my greatest thanks to you, our members, for allowing me the opportunity to serve such a great organization and for your support in my roles both as a board member and a transportation professional. It has been a privilege and I look forward to assisting next year’s board as Past President.

I hope to see many of you at the ITE Western District Annual Meeting in July. As always, thank you to this month’s newsletter sponsors, Kimley-Horn and Kunzman Associates, Inc. Have a great summer!

tiffany.huang@kimley-horn.com
AB 2222: Student Transit Pass Program (Assembly Member Chris Holden): This bill would create a new State program to fund discounted transit passes for students of public schools, community colleges, California State University campuses, and University of California campuses. This program would be funded with $50 million from the Greenhouse Gas Reduction Fund (GGRF). Guidelines would be developed by Caltrans to describe criteria that eligible transit providers shall use to make available free or reduced fare transit passes to eligible participants. The bill would require that a percentage of funds allocated under this program benefit disadvantaged communities.

AB 2509: Bicycle Lanes (Assembly Member Phil Ting): This bill would focus on boosting access for cyclists on bikeways, enhancing safety, and encouraging ridership. Under this bill, cyclists would be able to continue using the full width of the bikeway for recreational and commuting purposes. This bill would also underscore bicyclists’ current right to ride side-by-side and only as far to the right of the roadway as is safe and practicable.

AB 2796: Active Transportation Program: Minimum Funding Percentages for Planning and Non-Infrastructure (Bloom and Low): To allow Active Transportation Planning and non-infrastructure developments (i.e. education, safe routes, etc.) to be competitive in the Active Transportation Program, this bill would establish a 5% minimum of funding designated for planning in Disadvantaged Communities (DAC), and a 10% minimum of funding designated for non-infrastructure programs, including Safe Routes to School, within the State’s Active Transportation Program.

AB 1815: California Global Warming Solutions Act of 2006: Disadvantaged Communities (Assembly Members Alejo and Cristina Garcia): This bill would require State agencies to prepare and post online a report on the projects funded to benefit DAC from the GGRF. This bill would also require the State to establish a technical assistance program for eligible applicants in these DAC.

AB 1982: California Transportation Commission: Membership (Assembly Members Eduardo Garcia and Holden): This bill would add two new Legislative appointees to the California Transportation Commission (CTC) with expertise in environmental justice and public health issues impacting low-income communities that are burdened by and susceptible to high levels of pollution. Under this bill, the Assembly Speaker would appoint one of these members, and the Senate Rules Committee would appoint the other member.

For up to the minute information on bills, go to the new California Legislative Information website: [http://leginfo.legislature.ca.gov/](http://leginfo.legislature.ca.gov/).

The California Bicycle Coalition ([www.calbike.org](http://www.calbike.org)) and TransForm ([www.transformca.org](http://www.transformca.org)) teamed up to coordinate the 5th Annual Transportation Equity Summit and Advocacy Day on May 16-17 in Sacramento.

The Summit opened with a Lunch Plenary on “Making Ladders of Opportunity Real in California” featuring
Jeanie Ward-Waller of the California Bicycle Coalition, Stephanie Jones of the US DOT, Malcolm Dougherty of Caltrans, and Kate White of the California State Transportation Agency. US Transportation Secretary Anthony Foxx recently launched the “Ladders of Opportunity” Initiative (www.transportation.gov/opportunity) to "expand access to opportunity, promote safety, revitalize communities, and create pathways to jobs." Panelists focused on how California is “leading the nation in creating transportation equity for all of our communities”. A major discussion topic was how the collapse of the Embarcadero Freeway during the Loma Prieta Earthquake brought communities formerly divided by the freeway together.

Delegates then participated in concurrent breakout sessions on five topics: "Connecting Mobility with Access", "Connecting Active Transportation with Equity", "Connecting Housing with Transportation", "Connecting Transportation Investments with Sustainable Communities", and "Connecting Equity with Transit". Two significant themes were prominent: (1) Low income households typically adopt sustainable lifestyles and tend to be receptive to using public transit, and (2) State government has significant inertia that can be overcome with aggressive educational and advocacy efforts.

During Advocacy Day, participants were divided into geographic teams and set up with appointments with key Legislators in the Capitol to make the following recommendations: (1) Add $100 million to the Active Transportation Program from the GGRF; (2) Allocate $150 million of the $400 million of the GGRF earmarked for the Transit and Intercity Rail Capital Program to the Low Carbon Transit Operations Program; (3) Use $50 million of the GGRF to provide free transit passes for college, university, K-12 students, and low-income households; (4) Incorporate robust Complete Streets components in roadway repair, maintenance, and rehabilitation projects; and, (5) Use a portion of new transportation revenue to implement workforce training and employment opportunities.

For more information on the connection between Environmental Justice and Transportation, visit www.transformca.org. For more information on the Statewide HSR project, visit www.hsr.ca.gov. A national HSR conference will be taking place in Los Angeles around December. A webinar with ITE on the Statewide HSR project will take place in late July or early August.

Another related topic is High Speed Rail (HSR). For information on the national HSR perspective, visit www.ushsr.com. For information on the Statewide HSR project, visit www.hsr.ca.gov. A national HSR conference will be taking place in Los Angeles around December. A webinar with ITE on the Statewide HSR project will take place in late July or early August.

ITE SoCal Members are encouraged to check out the upcoming Live Webinars from the ITE Learning Hub:

- Lagging Left-Turn Arrow Safety and Operation, Tuesday, June 14, 10:00-11:30 AM Pacific
- Integrating Speed Management Strategies – 3 Safety Focus Areas: Roadway Departure, Intersections, and Ped/Bike, Thursday, June 16, 11:30 AM-1:00 PM Pacific
- Beyond Gas Tax: Alternative Funding Mechanisms & the VMT Fee, Tuesday, June 21, 11:30 AM-1:00 PM Pacific
- Shared Mobility: Current Practices and Guiding Principles, Wednesday, June 11, 10:00-11:30 AM Pacific
- California High Speed Rail: A Transformative Investment in California’s Future, late July or early August

For information on these and other upcoming webinars, visit the ITE Learning Hub at http://www.ite.org/learninghub/default.asp.

If you would like to submit a technical article for the ITE SoCal newsletter, please contact David Schwegel (davidmschwegel1@gmail.com) or Sowmya Chandrasekhar (sxc@literis.com), for details.

Volunteers Needed for ITE 2016 Annual Meeting and Exhibit in Anaheim

Planning for the International ITE Conference in Anaheim is taking shape, and meeting registration information is being sent to all members. While we have a list of volunteers, there are still opportunities to help out. Most of these opportunities are during the event, helping with hospitality, fielding questions, or chaperoning tours. One area of need is to help with registration and coordination for the Transportation Camp Event that will occur on Sunday – the opening day of the conference. See below for more information about the Transportation Camp.
ITE to Hold Transportation Camp on Sunday August 14 in Anaheim

On the eve of the ITE Annual Meeting, ITE and Young Professionals in Transportation will be hosting a Transportation Camp event at the conference hotel. This Transportation Camp event is an "Un-conference" wherein registrants bring their ideas for potential discussions or presentations and post their ideas on the campground wall. The best ideas will be scheduled for discussion in a breakout room during subsequent sessions. The event has a separate low-fee registration and is open to anyone who is interested. This conference format is held throughout the US, and topics tend to be lively and on the forward looking side. Subjects like open data, travel apps, shared economy, and fighting inertia are often featured. For more information on this event and to register, please check: http://www.ite.org/annualmeeting/transportationcamp/default.html.

The monthly newsletter is a perfect venue for advertising your products and services, as it is circulated nine (9) times a year to approximately 700 ITE recipients all over Southern California. Advertisements are priced reasonably for the benefit of our members. Please contact Jonathan Hofert at HofertJ@metro.net to submit an ad and/or sponsor a monthly newsletter or luncheon.

ITE SoCal would like to thank all of our Newsletter Sponsors for 2015-2016. We greatly appreciate your support!

2016 WESTERN DISTRICT MEETING
Albuquerque, New Mexico

ITE 2016 Annual Meeting and Exhibit
August 14-17 | Anaheim, CA

ITE Southern California Section
www.socalite.org
Hello SoCal Section! It's that time again; time to choose your ITE SoCal Section Board. We have two great candidates who have served the SoCal Section as your Co-Newsletter Chair and Co-Student Chapter Liaison Chair. Sowmya Chandrasekhar and Hassan Ahmed are excited for the opportunity to serve our Section further. Their candidate statements can be found below. As for the elections, you would have received an email with voting ballots for all positions on the SoCal Board. The voting ends on June 22, 2016 at 12:00 PM. The winners will be announced on June 22, 2016 at our Annual Business Meeting, and the new Board will be sworn in at the end of the meeting. If you have any questions on the election process please reach out to me, and if you have any questions to our candidates, please reach out to them. Please show your support for our candidates and vote!

Sowmya Chandrasekhar, P.E., T.E., PTOE
Iteris, Inc.
ITE SoCal Section Treasurer Candidate

I am truly grateful to have been selected to run for the ITE SoCal Section Treasurer position. I became involved with the ITE SoCal Section in 2014, and it has been a pleasure to serve as the Newsletter Co-Editor for the past two years. Since moving to Southern California in 2013, I have consistently attended ITE SoCal meetings, which have proven to be a great opportunity to meet other professionals and develop relationships. It never ceases to amaze me how our Section unites such a large and diverse transportation community over such an enormous geographic area. When I first moved to this region, I immediately benefited from the professional networking platform that ITE SoCal Section offered. I want to further establish my relationship with this organization and contribute to the streak of integrating the transportation community in this region. It would be an honor to serve as the ITE SoCal Treasurer.

My previous organizational affiliations include ITE-Capital Area Section (Austin), YPT-Austin Chapter, and WTS-Heart of Texas Chapter. I was an active member of the ITE-Capital Area Section from 2008 to 2013. In 2011, I became one of the founding Chairs of the YPT-Austin Chapter. Through my role as Vice Chair of Communications for the YPT-Austin Chapter (2011-2013), I had been involved in establishing standards for the (then) nascent organization and setting-up and maintaining all online portals and official communications. Additionally, I was involved with the WTS-Heart of Texas Chapter as a Professional Development Committee Member and Scholarship Committee Member from 2011 to 2013.

It would indeed be a privilege to serve the ITE SoCal Section as a Treasurer. I hope to have your support and vote, and look forward to serving our Section. Thank you!

Hassan Ahmed
Gibson Transportation Consulting
ITE SoCal Section Treasurer Candidate

It is an honor to be a candidate for the Southern California Section Treasurer position. ITE holds a special place in my heart. As a member of our Section’s leadership team, I hope to continue to make it a fun and valuable platform for our members. I served as the UCI Student Chapter President, and ever since then, I could not get enough of this great organization. For the past few years, I have served as the Student Liaison Chair for our Section, and this year I was selected for the Leadership ITE program. Through my role as the Student Liaison Chair, I have developed a key interest in bridging the gap between our young members and more experienced members. I have noticed that when students graduate from college, they tend to disappear for a few years before realizing the value that ITE offers for their careers, and then decide to become involved again. By getting more involved with our Section’s leadership, I hope to implement an initiative that will help these graduates stay involved in ITE during the years immediately after college. I believe that bridging this gap will be valuable to all members of our great organization.

Through the Leadership ITE experience, I have had the pleasure of working with other leaders in our industry and gaining an understanding of the challenges we face as transportation professionals and as an organization. During our last joint meeting with the International Board of Directors in Nashville, we had the opportunity to discuss some of the findings of the recent membership survey, and how the Strategic Initiatives Committee hopes to implement some of these findings. I hope to bring this knowledge back to our Section and continue to implement new strategies to improve member involvement.

Thank for reading my entire candidate statement, I certainly do appreciate your time and respectfully ask for your vote.

I am thankful to my Section and the District Board for their confidence in me and for selecting me as a candidate for Western District Secretary-Treasurer. I am excited to continue serving our members and hope to receive your support. ITE has been an integral part of my career and I hope to help make our organization accessible for others.

GOALS
• Better communication between Section and District leadership
• Continue to finalize current District Board initiatives and implement guidance.
• Engage the next generation of engineers and planners – younger member recruitment & retention – growth of Annual Meeting programs for young professionals.

SECTION/DISTRICT INITIATIVES
• SoCal Section Student Traffic Bowl (now in its 7th year)
• Joint (SoCal, RSBITE, and OCTEC) Holiday Mixer Casino Night (now in its 3rd year)
• Western District Annual Meeting Career Guidance Sessions (now in its 3rd Year)

RECOGNITION
• SoCal Section Young Transportation Engineer of the Year 2010
• Western District Young Professional Achievement Award 2015
• ITE International Rising Star Class of 2015

ITE LEADERSHIP ROLES
• UC Irvine Student Chapter President (2007)
• SoCal Section Student Chapter Liaison (2008–2012)
• District Student Traffic Bowl Aid (2011, 2014 – now)
• Southern California Section Board (2012–serving as Past President)
• District Student Endowment Fund Volunteer (2012 – now)
• District MiteY Race Coordinator (2012 – now)
• District Career Guidance Chair (2012 – now)
• International Young Member Committee (2014 – now)
• International Local Arrangements Committee Member (2016)
• Co-Chair for the potential 2020 District Annual Meeting in Hawaii

https://www.facebook.com/NeelamforITE/
HIGHLIGHTS OF MY ITE EXPERIENCE

// Riverside San Bernardino Section  
2nd Past-President, and current  
Webmaster Chair  
// Southern California Section  
Sponsorship Chair  
// Western District Young Professional Achievement  
Award Recipient, 2013  
// Published article in WesternITE Newsletter  
// Attendee, Presenter and Moderator at Western  
District Annual Meetings  
// Presenter at Cal Poly Pomona ITE student chapter  
meetings  
// Lecturer at Cal Poly Pomona

EXPERIENCE

// 13 Years Professional Experience  
// LA Metro  
// Parsons Brinckerhoff  
// RBF Consulting  
(now Michael Baker International)

PROFESSIONAL LICENSES

// PE Civil, California  
// TE, California  
// PTOE  
// Served as intern for 1 year at RBF and 3 years at  
City of Corona

GOALS AS SECRETARY/TEASER

// Continue to practice Fiscal Responsibility and find opportunities to reduce costs.  
// Promote ITE to Young Engineers and Planners on the benefits of ITE  
// Promote the Student Endowment Fund, as it is the foundation to attracting future members.  
// Increase Agency involvement by Promoting ITE Agency Membership and its benefit.  
// Provide easy access to data, and identify data that ITE members are searching for.  
// Work with ITE International to develop an Innovations Task Force Committee to assist Agencies on  
implementing pilot projects.  
// Promote TPCB certifications to Agencies on benefits to their planning and engineering projects.  
// I look forward to a successful 2016 and beyond for the Western District.
Joint Meeting of
ITE Southern California and
ITS California Southern Section

Wednesday, June 22, 2016 – 8:30 AM to 2:00 PM
Registration & Continental Breakfast begins at 8:30 AM
Presentations begin at 9:00 AM

Workshop Theme:
“How Technology is Enabling the Sharing Economy and Paving the Way to the Future”

PRESENTATIONS

Presentation: TBD
Danielle Grossman, General Manager, ZipCar

Vanpooling: The Pioneer of the Sharing Economy Takes It to the Next Level
Crissy Ditmore, Government Account Executive, vRide

Shared Mobility in Pasadena
Fred Dock, Director, Department of Transportation, City of Pasadena

Presentation: TBD
William Berry, San Diego Regional Manager, car2go (Invited)

Presentation: TBD
David Silverman, DecoBike (Invited)

Cost: $40 with reservation, $20 for Students with ID
At the door, add $5

Menu Choices:
• Roast Prime Rib of Beef
• Fresh Atlantic Salmon
• Vegan

Date: June 22, 2016 (Wednesday)

Place: Monterey Hill Restaurant, Monterey Park, CA
3700 West Ramona Boulevard, Monterey Park

For ITS California Members, register at: http://its-casocalworkshops.eventbrite.com/
For ITE Members, register at: http://ite-its-2016-workshop-meeting.eventbrite.com
